

# QTS Cedar Rapids

The QTS Cedar Rapids Data Center Campus represents the largest economic development project in the city's history, underscoring QTS's commitment to secure and scalable infrastructure and long-term community partnership.

## Environment & Sustainability

QTS practices being responsible stewards of the environment through:

- › Water-free cooling
- › Carbon reduction efforts
- › Commitment to clean energy
- › Environmentally focused engagement efforts

QTS is leading the industry with its Freedom Design, a standardized, water-free data center model deployed across all new builds.

*Once fully stabilized, the Cedar Rapids campus is expected to conserve approximately 4 billion gallons of water annually, compared to data centers using evaporative cooling.*

## Community Impact

QTS is proud to support and partner with organizations that strengthen the Cedar Rapids region. Some of our local partnerships include:

## Fast Facts

**Location:** Big Cedar Industrial Center

**Campus Size:** 612 acres

**Development Scope:** Up to 7 data center buildings
